Works-in-Progress

Improving Adolescent Health Services: Training the Next Generation of Pediatric Clinicians to Love Adolescents

Friday, November 1, 2019, 11:00am-12:00pm
717 Delaware, Room 330

Janna Gewirtz O’Brien, MD
Adolescent Medicine Fellow

Nimi Singh, MD, MPH
Assistant Professor

Alex Prince
DOGPAH Executive Office & Administrative Assistant

This interactive session will focus on health care professional education as a key lever to influence the delivery of adolescent health services, using the adolescent medicine pediatric resident rotation as an example.

This session will present ongoing plans to restructure the adolescent medicine rotation, invite interdisciplinary perspectives and consider the application of a research lens to educational work in DOGPAH.
