Initial Screening Questions for Sexual Exploitation, Sex and Labor Trafficking:

1) Can you leave your job or the place where you live if you want?
   _____ Yes  _____ No

2) Have you been threatened if you try to leave?
   _____ Yes  _____ No

3) Has your identification or documentation been taken from you (For example: your driver's license or your passport)?
   _____ Yes  _____ No

4) Have you been physically harmed in any way?
   _____ Yes  _____ No

5) Is anyone forcing you to do anything you do not want to do?
   _____ Yes  _____ No

6) Did anyone ever pressure you to touch someone or have any unwanted physical or sexual contact?
   _____ Yes  _____ No

7) Did you ever have sex (of any type) for things of value (For example: money, housing, a place to sleep, food, gifts or favors, drugs or alcohol)?
   _____ Yes  _____ No

A positive response to any question should indicate a telephone consultation with SARS to determine further evaluation & screening by SARS as well as safety planning in conjunction with SW consultation if available.

TIPS FOR NURSES AND PROVIDERS:

- Keep your patient safe. Consider if visitors need to be separated.
  ◦ Is there a risk for elopement?
  ◦ Do you need to notify Security for patient safety?
- Screen the adult patient for trafficking separately from visitors accompanying patient.
  ◦ As part of the examination by the provider
  ◦ As part of taking the patient to the restroom or to x-ray
- Make the patient CONFIDENTIAL - contact Registration
- Remove telephone from patient room - if trafficking risk identified
- Notify SARS and SW if trafficking risk identified.
- Collect first urine (dirty catch) if patient needs to urinate. Label and keep with patient for SARS.
- Keep patient in clothing they arrived in, if possible, as the clothing may be needed as part of evidence collection.
