Other good stuff
In addition to research, program, clinical, and advocacy session, there are many great networking events at SAHM!

You may want to explore areas of shared interest through Special Interest Group (SIG) Meetings—maybe one focused on LGBTQAI youth or homeless and runaway youth (both on Thurs at 8am), maybe the student/trainee SIG or the one for early career professionals (Thurs at 5:15pm) or global adolescent healthcare or qualitative/quantitative research (Fri at 6pm)? That’s just a taste. Click the link above.
